Its transmission on Reven-ation of its contents to on sectiff by an exautrogread person is promiserably Law The reproduction of full forms is promiserably 

## THIS IS UNEVALUATED INFORMATION

25X1

The following are radar and Austria

radio

stations known to exist in the Soviet Zone of

## Burgenland

Stegersbach

25X1

Stationary radar station approximately 1800 meters northeast of the town, in the vicinity of triangulation point 332. The station was set up in September 1954 and is operated by the Army.

St. Margarethen

Mobile station located near the stone quarry at triangulation point 226. The radar station has telephone communication to the transmitting station at Oggau. It was observed for the first time on 11 May 1954.

Eisenstadt

The radar set is located immediately east of the town. Two mobile and one stationary set are operated by the Airforce.

Parndorf

Radar set at Parndorf airfield.

## <u>Lower Austria</u>

Wiesmath, Bez. Wiener Neustadt A mobile Army station was set up on 24 July 1953 on the Sperker Riegel, but departed from Wiesmath on 16 August 1953. It had telephone communication with the transmitting station at Landsee.

The radar station is located in the Blumau-Neurisshof Kaserne. It consists of two stationary sets, operated by the Army, and a transmitting station. The installation was established in 1952.

7, Baden

A stationary set is located in the former anti-aircraft barracks between Baden and
